Most Significant Bytes is a series of three electronic music concerts representing works from composers from throughout the country produced in Northeast Ohio by Jerome Miskell. The sites and dates include: Ashland University on March 26
Mount Union College on March 29
Baldwin-Wallace College on May 2

These multimedia concerts will include an internet compendium for those who can not attend the live performances or would like to experience these fascinating works again located at <http://www2.bw.edu/~jmiskell/msb/msb.html>.
